DIARY NOTES

DD/S *W*

30 April 1962

1. [REDACTED] telephoned to say that arrangements were being made with the Bureau of Public Roads and the General Services Administration to grade the athletic fields on the BPR property. He thought that final plans would be approved in a day or two and anticipated that the work would go rather rapidly.

2. [REDACTED] queried me as to whether he should proceed with the purchase of vehicles amounting to some \$30,000 for [REDACTED] if [REDACTED] and Task Force W put up the money. I told him to go ahead, and I agreed to send him a copy of the delegation of authority to Task Force W which, as I remember, authorized them to incur obligations not exceeding \$100,000 per project.

3. [REDACTED] called to say that he would make arrangements to fly General Carter and me to [REDACTED] on the afternoon of 21 May. We plan to spend 22 May in the [REDACTED] after which General Carter will go to Fort Bliss, and I will return to Washington. The plane will go to Dallas for some work and then pick up General Carter at El Paso on 25 May and fly him back to Washington, D. C.

4. [REDACTED] said that the Director was complaining about the stability of the tables in the USIB and DCI conference rooms. (They will be braced by the end of the week.) Jack also said that the Director wanted the metal covering for the air conditioning and heating units in his office painted in accordance with the samples which we submitted. I asked [REDACTED] to get in touch with [REDACTED] and [REDACTED] to work out a schedule. *H*

5. [REDACTED] advised me that Mr. Dulles will be leaving to spend two weeks in Switzerland tomorrow. While he is gone, we are to move him into one room in East Building. He also will forego the service we have been rendering, except that we will furnish one secretary for thirty to sixty days after his return.

6. I met with [REDACTED] Johnny Bross, and [REDACTED] to discuss the relationship of the RCA-501 Computer Center with the Automatic Data Processing Staff. We worked out a treaty which would make the Comptroller responsible for the day-to-day operation of the Center but would prohibit any change of input into the Center without Mr. [REDACTED] concurrence. Messrs [REDACTED] are to prepare a written treaty which John Bross and I will sign. *H*

7. In connection with the possible merger of the Fiscal and Finance Divisions in the Office of the Comptroller, the Comptroller is thinking about asking for space in South Building. I told Mr. Bross that this might be possible but that they should expedite their request for space inasmuch as I have just completed plans to move other units into the space and that these plans should be changed at a very early date if we are not going through with them. 8. John Bross and [REDACTED] talked to me about an increase in the personnel ceiling for the Comptroller's office. I told Mr. Bross that we had a number of similar situations in the Agency and that I thought his Budget Policy and Review Committee should focus on this at an early date.

9. John Bross and [REDACTED] talked to me about bringing [REDACTED] into the Comptroller's office as Chief to their Financial Management Analysis Staff and his promotion to grade GS-16. I told them that it was not up to me to select their personnel but that I really did not know what qualifications [REDACTED] had for them. I said that personally I did not think he was entitled to grade GS-16. 25X1A9a 25X1A9a

10. John Bross talked to me about promotion of [REDACTED] to grade GS-18. I told him that I would support this but that there were a number of similar instances in the Agency which should be considered at the same time. 25X1A9a

11. Shef Edwards telephoned about a letter which [REDACTED] had written to [REDACTED]. The letter had been referred to Shef by the NE Division. Shef did not believe that there was any security breach here. I asked him to send the letter to me with a brief memorandum to this effect.
